Report on ERP–SAP Guest Lecture

Title: Guest Lecture on ERP–SAP: Introduction & Career Opportunities
Organized by: Department of Computer Science
Date: 10/01/2026
Resource Person: Mr. Rakesh A. Patil (ERP–SAP Consultant / Industry Expert)
Participants: Students and Faculty Members

The Department of Computer Science successfully organized a **Guest Lecture on ERP–SAP: Introduction & Career Opportunities** with the objective of providing students with practical exposure to industry-oriented enterprise solutions. The session aimed to bridge the gap between academic learning and real-world industrial applications. The resource person explained the **concept of Enterprise Resource Planning (ERP)** and highlighted the importance of **SAP (Systems, Applications, and Products in Data Processing)** in managing business processes efficiently. The lecture covered various SAP modules such as **SAP FICO, SAP MM, SAP SD, SAP HCM**, and their real-time applications in industries like manufacturing, finance, logistics, and human resource management.

During the session, students were introduced to **career opportunities in SAP**, certification paths, and the demand for SAP professionals in the global job market. Live examples and case studies were discussed to help students understand how ERP–SAP systems integrate different business functions into a single unified platform. An interactive **question-and-answer session** was conducted at the end, where students actively participated and clarified their doubts regarding SAP training, implementation, and job prospects. The session was highly informative and motivating for students aspiring to build careers in ERP and enterprise solutions.

The program concluded with a **vote of thanks** to the resource person for sharing valuable industry insights. Overall, the guest lecture was a great success and proved beneficial in enhancing students' technical knowledge and industry awareness.
